

ERIC would like to know.

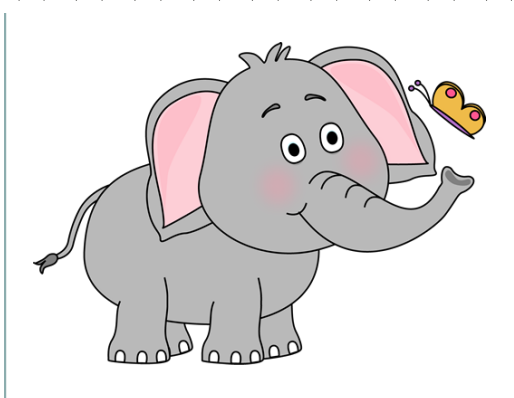

when your child does something at home that you are proud of!

Please tell Eric by using one of 'Home Eric' notes and sending it in to school. The children can post these messages in Eric's post box in the hall to be read out in assembly. More blank notes are available from the blue rack by the school office.

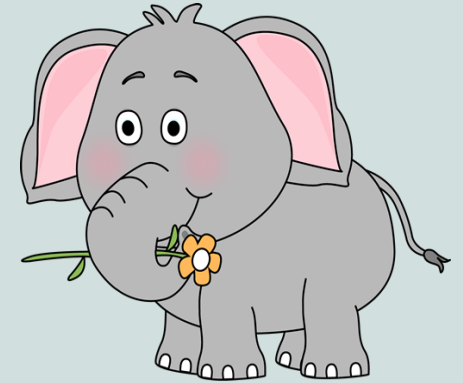

Thank you!

During the current pandemic please upload to Tapestry

ERIC

effort

respect

independence

communication

Individual ERIC tokens are given to the children in school for showing any of the ERIC values.

These can be awarded to the children by any adult in the school

These tokens are put onto the class Eric Rewards chart.

Each week the tokens are counted and the class with the most amount of ERIC tokens keep the ERIC cuddly toy for the week. The class also gets a point .

At the end of the term the points are counted up and the class with the most points get a treat, encouraging team work.

When your child achieves all targets in an area they are given a star in assembly to take home.

Year 1 TARGETS

EFFORT

I can do my best at all times.

I can try hard and concentrate.

I can have a positive attitude even when things are difficult.

I can look at and improve my work.

RESPECT

I can always say please and thank you.

I can sort out small problems with help.

I can be kind and helpful to my friends and adults. I can do what grown ups ask me to do straightaway.

INDEPENDENCE

I can remember to look after my own things.

I can make the right choices.

I can try to do things on my own and ask for help.

I can find my own equipment and put it away correctly.

COMMUNICATION

I can wait my turn to talk and not interrupt.

I can take part in group discussions.

Each class have an ERIC communication kit which they can take turns to bring home and play with and use for a weekend.

This is very popular so the children are chosen at random , and need to be patient for their turn.
